

FUTURE MEETS

Peak District

7th – 10nd June 2018

Due to the success of last year's meet we are repeating the format this year. We would welcome volunteers to lead an individual activity, climbing, walking, cycling etc. on one or more days. The intention is to run more than one activity per day in the same locality and a different locality each day. If there is sufficient interest the meet could be extended by an additional day.

We are willing to offer accommodation to a small number of members who do not live close enough to travel daily, and it would be good if other members were to do the same.

A more detailed plan will be published in the next newsletter, by which time we would hope to have a list of volunteers and their chosen activities. Please let us know if you are willing to help out in any way. Email wilshaw88@btinternet.com or phone 0161 427 7285.

Judith & Eddie Wilshaw – Joint co-ordinators.
