

FUTURE MEETS

Shropshire Hills Meet

September 2018

The proposal is for a long weekend or a full week meet commencing approx. 7th September. Some bunkhouse and hostel accommodation has been identified. However before booking anything we would like some indication of interest and whether you prefer a long weekend or a full week (or something in between!). Please email Jean (jeanrostron@btinternet.com) as soon as possible to indicate interest, and in any case by 14th February, so that a decision about accommodation can be made. Further information is available from Jean.

There's plenty of opportunity for both long and short walks on the Shropshire Hills, and also for mountain biking/cycling. Other attractions include Ironbridge Gorge and Snailbeach Lead Mine.

Jean Rostron and Peter Yoxall
